HEBREW GRAMMAR

Everyone is invited to a 4-part שבת series between מנחה and מעריב.

GIVEN BY
DR. ELNATAN CHEN

This series will reveal the beauty and importance of Hebrew grammar in a way you may not have encountered before - showing how the structure of לשון הקודש can shed new light on Torah learning and Tefillah.

Shiur 1: The Sounds of Hebrew

Letters, sounds, and the surprising ways they shift, interchange, and shape the words we read.

Shiur 2: The Shape of Words

How Hebrew builds words from roots, patterns, prefixes, and suffixes - and why this is often more fascinating than it looks.

Shiur 3: How Sentences Work

How words come together to create meaning, and how Hebrew sentence structure can change the way we read Pesukim

Shiur 4: Words and their Meanings

How roots, related languages, and careful grammatical methods can help uncover the meanings of difficult Hebrew words.
